Subject: Henderson Road RI/FS  
Federally Listed Threatened  
and Endangered Species  
BCM Project No. 00-5528-03

Dear Cindy:

This is in regard to the Remedial Investigation/Feasibility Study for the Henderson Road site in Upper Merion Township, Montgomery County, Pennsylvania. As I indicated to you in our telephone conversation this morning, we need to include information on federally listed threatened and endangered species, including transients, in our report. I am enclosing a copy of the USGS topo map (Norristown quad) with Upper Merion Reservoir highlighted. Please provide a written response indicating whether any wildlife species on the federal threatened and endangered list utilize this area. I am also enclosing a self-addressed Federal Express envelope for your response.

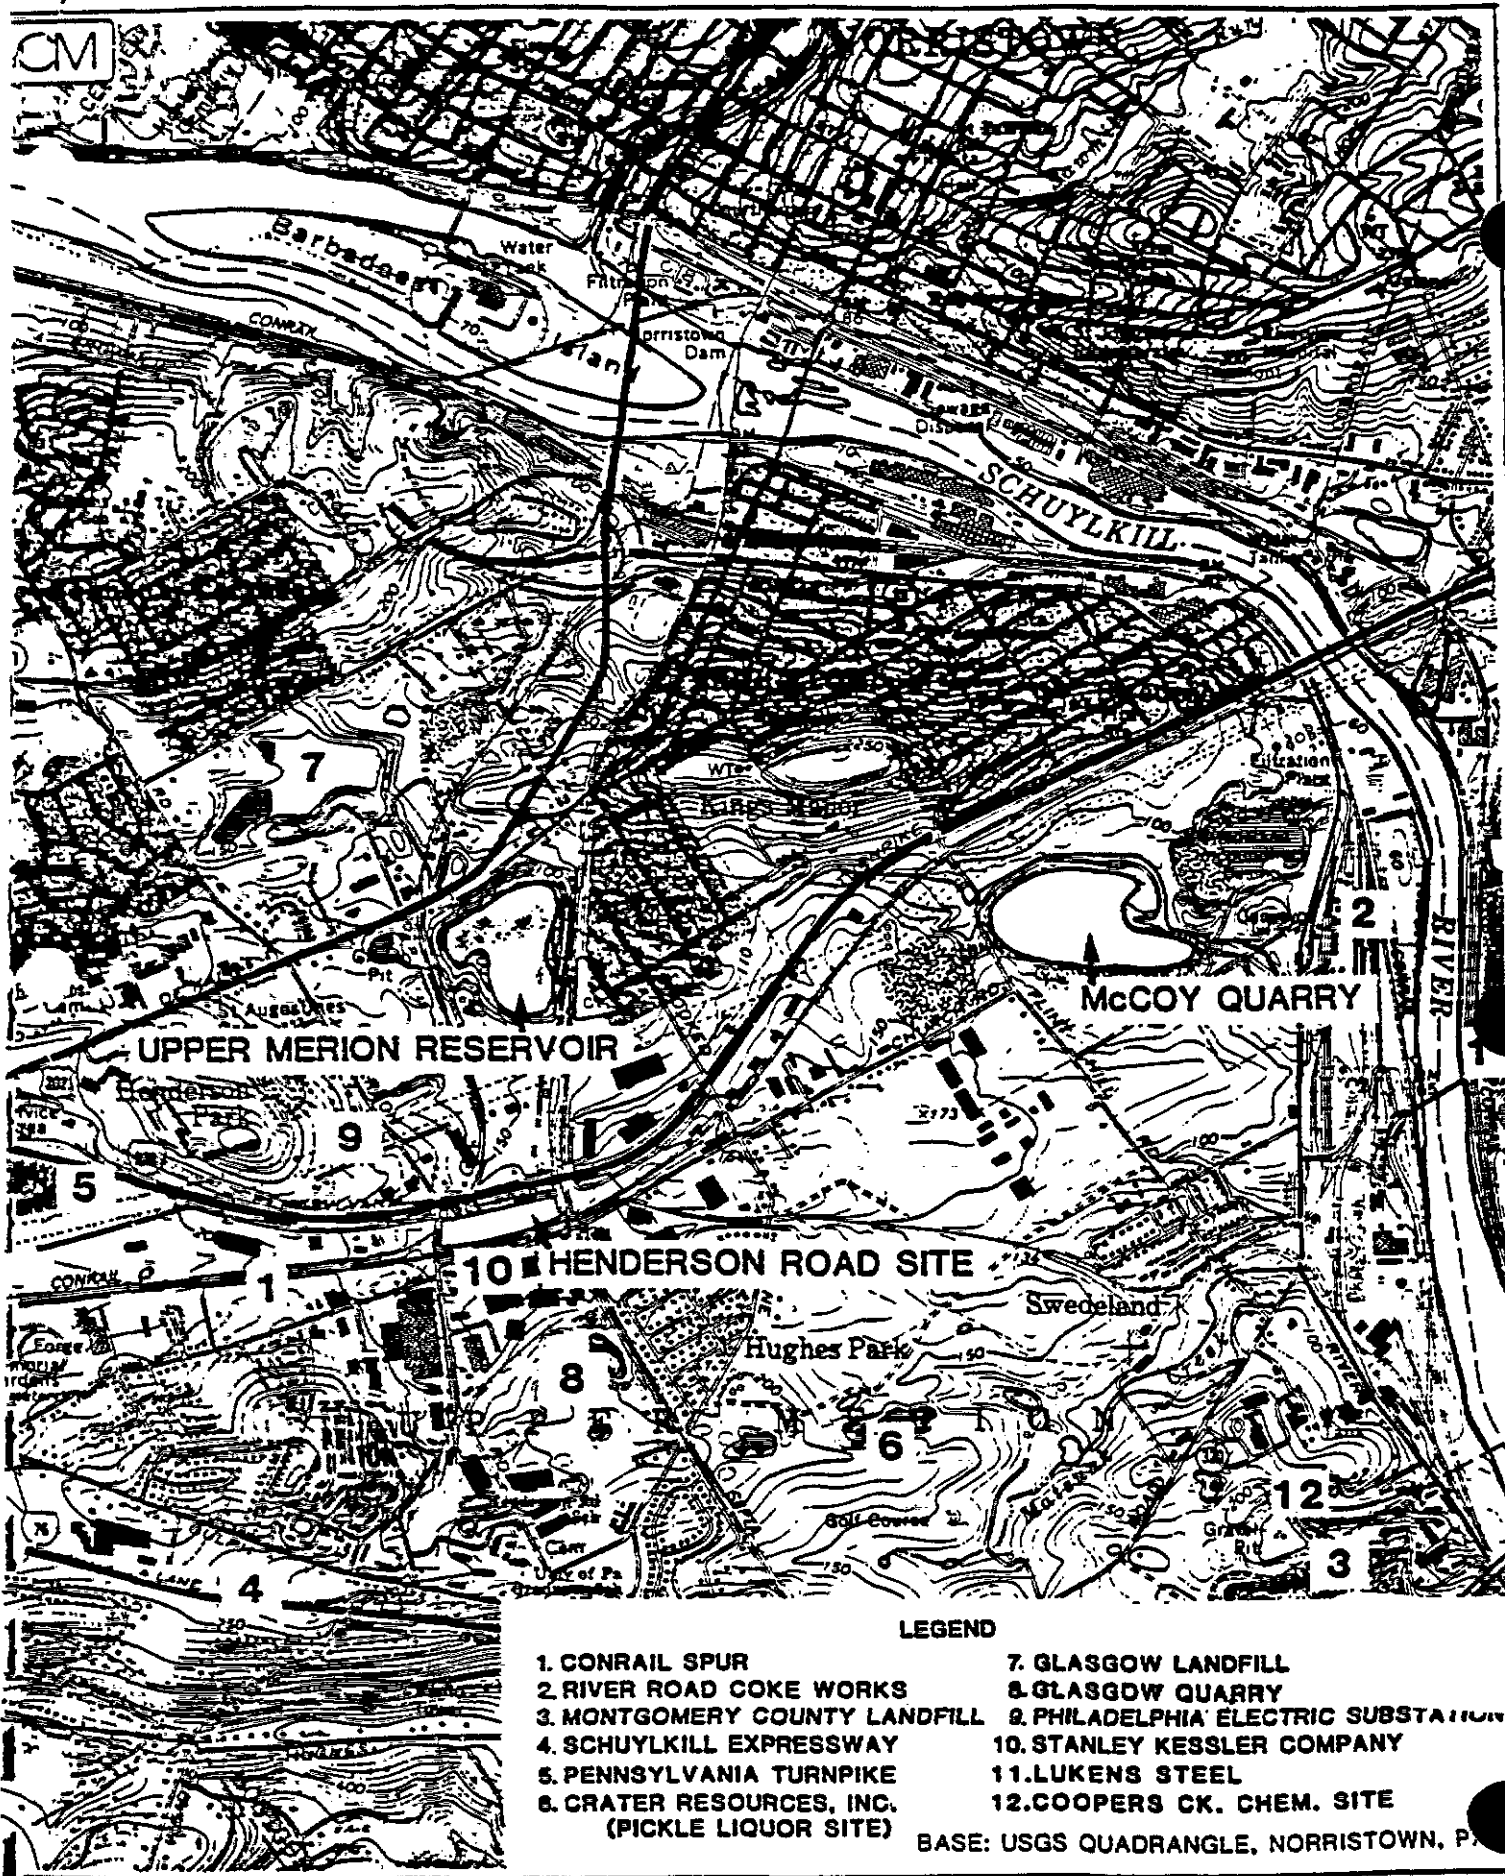

Thank you in advance for your prompt response to this request.

Very truly yours,

*Steven M. Jones*
